Washroom Dispensers & Paper Products Catalogue
The level of hygiene in your washroom is critical for the health and safety of your employees and visitors. It helps to prevent the risks of contamination and the spread of germs unnecessarily. It therefore leaves an impression on employees and on visitors on the quality and state of your washroom. Let us help you make it a good impression!

At Caprichem we support businesses to help them meet high standards of hygiene. We offer a complete range of washroom dispensers and a variety of paper products. Caprichem offers washroom dispensers which help reduce cross contamination, increase productivity and reduce waste in your establishment.
Hand Towel Dispensers

Whether you are looking for high hygiene or low maintenance, our range of stylish washroom systems and dispensers are designed to meet your needs and help reduce cross-contamination, increase productivity and reduce waste.

WD-001HS EXCEL AUTOTOWEL MANUAL DISPENSER
EXCEL AUTOTOWEL SENSOR DISPENSER
The Autotowel is a stylish paper towel dispensing system to compliment the rest of the Excel range. It is made from Grade 304 1.2mm brushed stainless steel.

WD-006HS AUTOTOWEL LAMINATE PAPER

WD-002HS

WD-003HS EXCEL WASTECARE BIN STAINLESS STEEL
This newly developed wastecare bin once again brings an industry first innovation to the market to take care of unsightly paper waste bins, where liners protrude over the side. This wastecare bin is in the same generic style as design as the EXCEL range.

WD-008HS WASTECARE LINERS ON A ROLL

WD-004HS AUTOTOWEL MANUAL PAPER DISPENSER
AUTOTOWEL SENSOR PAPER DISPENSER
The Autotowel offers both manual and sensor driven options in the same look. The manual option has 2 paper length mechanisms, cutting sheets at 235mm and 280mm. The sensor unit offers a number of adjustable features including paper length, delay time, sensor proximity and retrofit mains power transformer.

WD-007HS WASTECARE BIN
The newly developed Wastecare Bin brings an industry first innovation to the washroom to take care of unsightly paper waste. Its stylish flowing lines will match most paper dispensers.

WD-008HS WASTECARE LINERS ON A ROLL

WD-006HS AUTOTOWEL LAMINATE PAPER

WD-008HS WASTECARE LINERS ON A ROLL X 25 BAGS

WD-004HS AUTOTOWEL LAMINATE PAPER 6 ROLLS
Size: 195mm x 125m / 6 rolls / 1ply
Autotowel Laminate Paper is a luxurious highly absorbent paper towel for commercial and industrial washrooms.

The Mercury soap dispenser is classy and modern. Its stainless steel finish will bring any washroom a touch of luxury. It is the ideal soap dispenser for high-end facilities, such as stylish hostels or trendy restaurants & lounge bars.

Multipurpose: interchangeable pumps and containers.

Two side viewing windows to check stock levels. Strong, durable design.

\[(H)255 \times (W)130 \times (D)120\]

Take a look at this for style: a sleek, stylish soap dispenser that makes hand-washing feel luxurious. But Mercury isn’t all about looks. Under the clean finish, this multi-purpose dispenser fits more hand-care products than any other on the market. With interchangeable pumps and fittings for refillable reservoir, disposable soap cartridges or pouches, this dispenser is versatile – but can also be locked to your product, so customers always use your brand.

Our legendary Modular Dispenser range is still untouched in the market for innovative design and carries a 2 year Manufacturer’s warranty. Liquid, spray/sanitizer, foam soap or gels – this multipurpose dispenser works with more hand care products than any other on the market, and uses interchangeable pumps to allow perfect dispensing of a variety of products. You can also choose to dispense soap from a refillable top-up reservoir or pouches. Various refillable pouches/sachets available in liquid hand soap, foam soap & sanitizer pouches, in 375ml & 800ml quantities.

Available in Mini (400ml reservoir), Standard (1L reservoir) & Industrial (2L reservoir capacity) dispenser sizes with different coloured “window” teardrops to suit your needs & requirements.
Washroom Dispensers and Paper Products

**Hand Soap Dispensers**

- **WD-130HS**
  *EXCEL SDI HAND SOAP DISPENSER S/STEEL - 800ML*

CONSUMABLE
Installing a Babyminder changing station provides parents with a safe, convenient and hygienic changing facility in away from home locations and is now considered to be of equal importance as the provision of other essential facilities. The Babyminder is available in both vertical and horizontal options to fit in with the space requirements offered in a public restroom. The ergonomically designed station with a safety belt ensures that the user’s child will be comfortable and safe during their changing experience. The unit also comes with moulded bag hangers to assist the user during changing and a surface sanitizer dispenser can be used to sanitize the unit before each use.

BABY CHANGE STATION - WHITE HORIZONTAL

The Nappyminder bin is the ideal away from home waste disposal system. Disposing of nappy waste be it for babies or adults in traditional waste bins is extremely unhygienic and could pose multiple diseases and foul odours. The Nappyminder bin is specially designed with a foot pedal access to a non-return chute to prevent odours and harmful bacteria from leaving the unit. With its 50 litre capacity the bin will only need to be serviced once a day on high traffic areas such as shopping centres and old age homes.

Aerosol Dispensers

Airmist fragrance dispenser available in 270ml with programmable features which include real time programmability, service frequency setting, on and off days, alarm features and a battery indicator. The patented IPE (Intensity Plus Event) function, enables fragrance intensity programming, but allowing the user up to 3 periods per day for enhanced fragrance delivery to suit location requirements. Up to 2 years of battery life using alkaline batteries. Airmist delivers more neutraliser and fragrance with less propellant. This product is manufactured from 0.9 Grade 304 brushed Stainless Steel.

Air Purifying Dispensers

The Kitz® Purifier is a revolutionary product that draws in and treats contaminated air with the Kitz® Botanical Solution. It draws air in using a high-speed motor running at +/‐ 3000 rotations per minute. It’s so fast it creates a cyclonic or tornado-like air movement. This powerful motor draws in and jets out the water and botanical extract solution at a high speed. As a result, an air-scrubbing effect is produced.

KITZ BOTANICAL SOLUTIONS
